AMENDMENT NO. 2. Amend House Bill 2062 by replacing everything after the enacting clause with the following:

"Section 5. The Nursing Home Care Act is amended by changing Sections 2-110 and 2-201.5 and by adding Sections 1-114.01, 2-216, 3-202.3, and 3-202.4 as follows:

(210 ILCS 45/1-114.01 new)

(210 ILCS 45/2-110) (from Ch. 111 1/2, par. 4152-110)

Sec. 2-110. (a) Any employee or agent of a public agency, any representative of a community legal services program or any other member of the general public shall be permitted access at reasonable hours to any individual resident of any facility, but only if there is neither a commercial purpose nor effect to such access and if the purpose is to do any of the following:

- (1) Visit, talk with and make personal, social and legal services available to all residents;
- (2) Inform residents of their rights and entitlements and their corresponding obligations, under federal and State laws, by means of educational materials and discussions in groups and with individual residents;
- (3) Assist residents in asserting their legal rights regarding claims for public assistance, medical assistance and social security benefits, as well as in all other matters in which residents are aggrieved. Assistance may include counseling and litigation; or

(b) All persons entering a facility under this Section shall promptly notify appropriate facility personnel of their presence. They shall, upon request, produce identification to establish their identity. No such person shall enter the immediate living area of any resident without first identifying himself and then receiving permission from the resident to enter. Any person refused access to a facility may within 10 days request a hearing under Section 3-703. In that proceeding, the burden of proof as to the right of the facility to refuse access under this Section shall be on the facility.

In addition, any person who seeks to become eligible for medical assistance from the Medical Assistance Program under the Illinois Public Aid Code to pay for long term care services while residing in a facility must be screened prior to receiving those benefits. Screening for nursing facility services shall be administered through procedures established by administrative rule. Screening may be done by agencies other than the Department as established by administrative rule. This Section applies on and after July 1, 1996.

(6) For offenders serving terms of probation for felony offenses, parole, or mandatory supervised release, the facility shall acknowledge the terms of release as imposed by the court or Illinois Prisoner Review Board.

(7) The discharge planning for identified offenders.

(210 ILCS 45/3-202.4 new)

The Department shall determine the feasibility of requiring identified offenders that seek admission to a licensed facility to be segregated from other residents. The Department shall report its findings to the General Assembly and the Office of the Governor not later than 6 months after the effective date of this amendatory Act of the 94th General Assembly.

The Department of Corrections may establish and maintain, in any institution it administers, revolving funds to be known as "Travel and Allowances Revolving Funds". These revolving funds shall be used for advancing travel and expense allowances to committed, paroled, and discharged prisoners. The moneys paid into such revolving funds shall be from appropriations to the Department for Committed, Paroled, and Discharged Prisoners.

(b) (Blank).

(c) Except as otherwise provided in this Code, the Department shall establish procedures to provide written notification of any release of any person who has been convicted of a felony to the State's Attorney and sheriff of the county from which the offender was committed, and the State's Attorney and sheriff of the county into which the offender is to be paroled or released. Except as otherwise provided in this Code, the Department shall establish procedures to provide written notification to the proper law enforcement agency for any municipality of any release of any person who has been convicted of a felony if the arrest of the offender or the commission of the offense took place in the municipality, if the offender is to be paroled or released into the municipality, or if the offender resided in the municipality at the time of the commission of the offense. If a person convicted of a felony who is in the custody of the Department of Corrections or on parole or mandatory supervised release informs the Department that he or she has resided, resides, or will reside at an address that is a housing facility owned, managed, operated, or leased by a public housing agency, the Department must send written notification of that information to the public housing agency that owns, manages, operates, or leases the housing facility. - (2) The chief of police and sheriff in the municipality and county in which the licensed facility is located.

The notification shall be provided within 3 days of the person becoming a resident of the facility.

(d) Upon the release of a committed person on parole, mandatory supervised release, final discharge or pardon, the Department shall provide such person with information concerning programs and services of the Illinois Department of Public Health to ascertain whether such person has been exposed to the human immunodeficiency virus (HIV) or any identified causative agent of Acquired Immunodeficiency Syndrome (AIDS).

(e) Upon the release of a committed person on parole, mandatory supervised release, final discharge, or pardon, the Department shall provide the person who has met the criteria established by the Department with an identification card identifying the person as being on parole, mandatory supervised release, final discharge, or pardon, as the case may be. The Department, in consultation with the Office of the Secretary of State, shall prescribe the form of the identification card, which may be similar to the form of the standard Illinois Identification Card. The Department shall inform the committed person that he or she may present the identification card to the Office of the Secretary of State upon application for a standard Illinois Identification Card in accordance with the Illinois Identification Card Act. The Department shall require the committed person to pay a \$1 fee for the identification card.

For purposes of a committed person receiving an identification card issued by the Department under this subsection, the Department shall establish criteria that the committed person must meet before the card is issued. It is the sole responsibility of the committed person requesting the identification card issued by the Department to meet the established criteria. The person's failure to meet the criteria is sufficient reason to deny the committed person the identification card. An identification card issued by the Department under this subsection shall be valid for a period of time not to exceed 30 calendar days from the date the card is issued. The Department shall not be held civilly or criminally liable to anyone because of any act of any person utilizing a card issued by the Department under this subsection.

The Department shall adopt rules governing the issuance of identification cards to committed persons being released on parole, mandatory supervised release, final discharge, or pardon.

(730 ILCS 110/12) (from Ch. 38, par. 204-4)

Sec. 12. The duties of probation officers shall be:

(1) To investigate as required by Section 5-3-1 of the "Unified Code of Corrections", approved July 26, 1972, as amended, the case of any person to be placed on probation. (7) When any person on probation removes from the county where his offense was committed, it shall be the duty of the officer under whose care he was placed to report the facts to the probation officer in the county to which the probationer has removed; and it shall thereupon become the duty of such probation officer to take charge of and watch over said probationer the same as if the case originated in that county; and for that purpose he shall have the same power and authority over said probationer as if he had been originally placed in said officer's charge; and such officer shall be required to report in writing every 6 months, or more frequently upon request the results of his supervision to the probation officer in whose charge the said probationer was originally placed by the court.

AMENDMENT NO. 3. Amend House Bill 399, AS AMENDED, by replacing everything after the enacting clause with the following:

"Section 1. Short title. This Act may be cited as the Health Care Workplace Violence Prevention Act.

Section 5. Findings. The General Assembly finds as follows:

(1) Violence is an escalating problem in many health care workplaces in this State and across the nation.

(2) The actual incidence of workplace violence in health care workplaces, in particular, is likely to be greater than documented because of failure to report such incidents or failure to maintain records of incidents that are reported.

(3) Patients, visitors, and health care employees should be assured a reasonably safe and secure environment in a health care workplace.

(4) Many health care workplaces have undertaken efforts to ensure that patients, visitors, and employees are safe from violence, but additional personnel training and appropriate safeguards may be needed to prevent workplace violence and minimize the risk and dangers affecting people in connection with the delivery of health care.

Section 10. Definitions. In this Act:

"Department" means (i) the Department of Human Services, in the case of a health care workplace that is operated or regulated by the Department of Human Services, or (ii) the Department of Public Health, in the case of a health care workplace that is operated or regulated by the Department of Public Health.

"Director" means the Secretary of Human Services or the Director of Public Health, as appropriate.

"Employee" means any individual who is employed on a full-time, part-time, or contractual basis by a health care workplace.

"Health care workplace" means a mental health facility or developmental disability facility as defined in the Mental Health and Developmental Disabilities Code, other than a hospital or unit thereof licensed under the Hospital Licensing Act or operated under the University of Illinois Hospital Act. "Health care workplace" does not include, and shall not be construed to include, any office of a physician licensed to practice medicine in all its branches, an advanced practice nurse, or a physician assistant, regardless of the form of such office.

"Imminent danger" means a preliminary determination of immediate, threatened, or impending risk of physical injury as determined by the employee.

"Responsible agency" means the State agency that (i) licenses, certifies, registers, or otherwise regulates or exercises jurisdiction over a health care workplace or a health care workplace's activities or (ii) contracts with a health care workplace for the delivery of health care services.

"Violence" or "violent act" means any act by a patient or resident that causes or threatens to cause an injury to another person.

Section 15. Workplace violence plan.

(a) By July 1, 2007 (in the case of a health care workplace participating in the pilot project under Section 35) or July 1, 2008 (in the case of health care workplaces not participating in the pilot project), every health care workplace must adopt and implement a plan to reasonably prevent and protect employees from violence at that setting. The plan must address security considerations related to the following items, as appropriate to the particular workplace, based on the hazards identified in the assessment required under subsection (b):

- (1) The physical attributes of the health care workplace.
- (2) Staffing, including security staffing.
- (3) Personnel policies.
- (4) First aid and emergency procedures.
- (5) The reporting of violent acts.
- (6) Employee education and training.

(b) Before adopting the plan required under subsection (a), a health care workplace must conduct a security and safety assessment to identify existing or potential hazards for violence and determine the appropriate preventive action to be taken. The assessment must include, but need not be limited to, a measure of the frequency of, and an identification of the causes for and consequences of, violent acts at the workplace during at least the preceding 5 years or for the years for which records are available.

(c) In adopting the plan required by subsection (a), a health care workplace may consider any guidelines on violence in the workplace or in health care workplaces issued by the Department of Public Health, the Department of Human Services, the federal Occupational Safety and Health Administration, Medicare, and health care workplace accrediting organizations.

(d) It is the intent of the General Assembly that any violence protection and prevention plan developed under this Act be appropriate to the setting in which it is to be implemented. To that end, the General Assembly recognizes that not all health care services are provided in a facility or other formal setting. Many health care services are provided in other, less formal settings. The General Assembly finds that it may be inappropriate and impractical for all health care workplaces to address workplace violence in the same manner. When enforcing this Act, the Department shall allow a health care workplace sufficient flexibility in recognition of the unique circumstances in which the health care workplace may deliver services.

(e) Promptly after adopting a plan under subsection (a), a health care workplace must file a copy of its plan with the Department. The Department shall then forward a copy of the plan to the appropriate responsible agency.

(f) A health care workplace must review its plan at least once every 3 years and must report each such review to the Department, together with any changes to the plan adopted by the health care workplace. If a health care workplace does not adopt any changes to its plan in response to such a review, it must report that fact to the Department. A health care workplace must promptly report to the Department all changes to

the health care workplace's plan, regardless of whether those changes were adopted in response to a periodic review required under this subsection. The Department shall then forward a copy of the review report and changes, if any, to the appropriate responsible agency.

(g) A health care workplace that is required to submit written documentation of active safety and violence prevention plans to comply with national accreditation standards shall be deemed to be in compliance with subsections (a), (b), (c), and (f) of this Section when the health care workplace forwards a copy of that documentation to the Department.

Section 20. Violence prevention training. By July 1, 2006 (in the case of a health care workplace participating in the pilot project under Section 35) or July 1, 2009 (in the case of health care workplaces not participating in the pilot project), and on a regular basis thereafter, as set forth in the plan adopted under Section 15, a health care workplace must provide violence prevention training to all its affected employees as determined by the plan. For temporary employees, training must take into account unique circumstances. A health care workplace also shall provide periodic follow-up training for its employees as appropriate. The training may vary by the plan and may include, but need not be limited to, classes, videotapes, brochures, verbal training, or other verbal or written training that is determined to be appropriate under the plan. The training must address the following topics, as appropriate to the particular health care workplace and to the duties and responsibilities of the particular employee being trained, based on the hazards identified in the assessment required under Section 15:

- (1) General safety procedures.
- (2) Personal safety procedures.
- (3) The violence escalation cycle.
- (4) Violence-predicting factors.
- (5) Obtaining patient history from a patient with a history of violent behavior.
- (6) Verbal and physical techniques to de-escalate and minimize violent behavior.
- (7) Strategies to avoid physical harm.
- (8) Restraining techniques, as permitted and governed by law.
- (9) Appropriate use of medications to reduce violent behavior.
- (10) Documenting and reporting incidents of violence.
- (11) The process whereby employees affected by a violent act may debrief or be calmed down and the tension of the situation may be reduced.
- (12) Any resources available to employees for coping with violence.
- (13) The workplace violence prevention plan adopted under Section 15.
- (14) The protection of confidentiality in accordance with the Health Insurance

Portability and Accountability Act of 1996 and other related provisions of law.

Section 25. Record of violent acts. Beginning no later than July 1, 2007 (in the case of a health care workplace participating in the pilot project under Section 35) or July 1, 2008 (in the case of health care workplaces not participating in the pilot project), every health care workplace must keep a record of any violent act against an employee, a patient, or a visitor occurring at the workplace. At a minimum, the record must include the following:

- (1) The health care workplace's name and address.
- (2) The date, time, and specific location at the health care workplace where the violent act occurred.
- (3) The name, job title, department or ward assignment, and staff identification or other identifier of the victim, if the victim was an employee.
- (4) A description of the person against whom the violent act was committed as one of the following:
 - (A) A patient.
 - (B) A visitor.
 - (C) An employee.
 - (D) Other.
- (5) A description of the person committing the violent act as one of the following:
 - (A) A patient.
 - (B) A visitor.
 - (C) An employee.
 - (D) Other.
- (6) A description of the type of violent act as one of the following:

- (A) A verbal or physical threat that presents imminent danger.
- (B) A physical assault with major soreness, cuts, or large bruises.
- (C) A physical assault with severe lacerations, a bone fracture, or a head injury.
- (D) A physical assault with loss of limb or death.
- (E) A violent act requiring employee response, in the course of which an employee is injured.
- (7) An identification of any body part injured.
- (8) A description of any weapon used.
- (9) The number of employees in the vicinity of the violent act when it occurred.
- (10) A description of actions taken by employees and the health care workplace in response to the violent act.

Section 30. Assistance in complying with Act. A health care workplace that needs assistance in complying with this Act may contact the federal Department of Labor for assistance. The Illinois departments of Human Services and Public Health shall collaborate with representatives of health care workplaces to develop technical assistance and training seminars on developing and implementing a workplace violence plan as required under Section 15. Those departments shall coordinate their assistance to health care workplaces.

Section 35. Pilot project; task force.

(a) The Department of Human Services and the Department of Public Health shall initially implement this Act as a 2-year pilot project in which only the following health care workplaces shall participate:

- (1) The Chester Mental Health Center.
- (2) The Alton Mental Health Center.
- (3) The Douglas Singer Mental Health Center.
- (4) The Andrew McFarland Mental Health Center.
- (5) The Jacksonville Developmental Center.

Each health care workplace participating in the pilot project shall comply with this Act as provided in this Act.

(b) The Governor shall convene a 6-member task force consisting of the following: one member appointed by the President of the Senate; one member appointed by the Minority Leader of the Senate; one member appointed by the Speaker of House of Representatives; one member appointed by the Minority Leader of the House of Representatives; one representative from a statewide association representing licensed registered professional nurses; and one representative from the Department of Human Services. The task force shall submit a report to the Illinois General Assembly by January 1, 2008 that shall (i) evaluate the effectiveness of the health care workplace violence prevention pilot project in the facilities participating in the pilot project and (ii) make recommendations concerning the implementation of workplace violence prevention programs in all health care workplaces.

Section 40. Rules. The Department shall adopt rules to implement this Act.

Section 900. The Mental Health and Developmental Disabilities Administrative Act is amended by adding Section 72 as follows:

(20 ILCS 1705/72 new)

Sec. 72. Violent acts against employees of facilities under the Department's jurisdiction. Within 6 months after the effective date of this amendatory Act of the 94th General Assembly, the Department shall adopt rules prescribing the procedures for reporting, investigating, and responding to violent acts against employees of facilities under the Department's jurisdiction. As used in this Section, "violent acts" has the meaning ascribed to that term in the Health Care Workplace Violence Prevention Act.

Section 905. The Illinois State Auditing Act is amended by changing Section 3-2 as follows:

(30 ILCS 5/3-2) (from Ch. 15, par. 303-2)

Sec. 3-2. Mandatory and directed post audits. The Auditor General shall conduct a financial audit, a compliance audit, or other attestation engagement, as is appropriate to the agency's operations under generally accepted government auditing standards, of each State agency except the Auditor General or his office at least once during every biennium, except as is otherwise provided in regulations adopted under Section 3-8. The general direction and supervision of the financial audit program may be delegated only to an individual who is a Certified Public Accountant and a payroll employee of the Office of the Auditor General. In the conduct of financial audits, compliance audits, and other attestation engagements, the Auditor General may inquire into and report upon matters properly within the scope of a performance audit, provided that such inquiry shall be limited to matters arising during the ordinary course of the financial audit.

In any year the Auditor General shall conduct any special audits as may be necessary to form an opinion on the financial statements of this State, as prepared by the Comptroller, and to certify that this presentation is in accordance with generally accepted accounting principles for government.

Simultaneously with the biennial compliance audit of the Department of Human Services, the Auditor General shall conduct a program audit of each facility under the jurisdiction of that Department that is described in Section 4 of the Mental Health and Developmental Disabilities Administrative Act. The program audit shall include an examination of the records of each facility concerning (i) reports of suspected abuse or neglect of any patient or resident of the facility and (ii) reports of violent acts against facility staff by patients or residents. The Auditor General shall report the findings of the program audit to the Governor and the General Assembly, including findings concerning patterns or trends relating to (i) abuse or neglect of facility patients and residents or (ii) violent acts against facility staff by patients or residents. However, for any year for which the Inspector General submits a report to the Governor and General Assembly as required under Section 6.7 of the Abused and Neglected Long Term Care Facility Residents Reporting Act, the Auditor General need not conduct the program audit otherwise required under this paragraph.

The Auditor General shall conduct a performance audit of a State agency when so directed by the Commission, or by either house of the General Assembly, in a resolution identifying the subject, parties and scope. Such a directing resolution may:

- (a) require the Auditor General to examine and report upon specific management efficiencies or cost effectiveness proposals specified therein;
- (b) in the case of a program audit, set forth specific program objectives, responsibilities or duties or may specify the program performance standards or program evaluation standards to be the basis of the program audit;
- (c) be directed at particular procedures or functions established by statute, by administrative regulation or by precedent; and
- (d) require the Auditor General to examine and report upon specific proposals relating to state programs specified in the resolution.

The Commission may by resolution clarify, further direct, or limit the scope of any audit directed by a resolution of the House or Senate, provided that any such action by the Commission must be consistent with the terms of the directing resolution.

HOUSE RESOLUTION 509

Offered by Representative Currie:

WHEREAS, American democracy was conceived as a vision where government derives its authority through the consent of the governed and that democracy succeeds best when the governed are active and responsible participants; and

WHEREAS, Abraham Lincoln, in whose legacy the State of Illinois stands, thoughtfully captured the idea of self-governance in the Gettysburg Address when he said ours is "the government of the people, by the people and for the people"; and

WHEREAS, Recent studies have found that civic education in our schools is inadequate and not a priority; and

WHEREAS, Studies have found that an overwhelming majority of students lack a proficient understanding of civics, United States history, and America's constitutional heritage; and

WHEREAS, Young people between the ages of 18 and 25 vote at lower rates than any other age group; and

WHEREAS, Without an involved and informed citizenry, the goals of democracy are threatened; and

WHEREAS, The Illinois Civic Mission Coalition and the Campaign for the Civic Mission of Schools are working to create ideas and develop ways in which the connection between civic education and democracy can flourish; and

WHEREAS, It is our collective obligation to provide young people with the opportunity to apply what they learn through authentic civic learning and community service experiences intentionally linked to formal curriculum and classroom instruction; and

WHEREAS, Illinois Democracy Schools have the potential to achieve that shared responsibility; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-FOURTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that the concept suggested by the Democracy Schools Initiative should be implemented, when and where appropriate, by school boards, principals, teachers, students, parents, and the community as models for a place in which the rights, obligations, and responsibilities of citizenship are fostered and in which student leadership is encouraged.

HOUSE RESOLUTION 510

Offered by Representative Stephens:

WHEREAS, Memorial Day was officially proclaimed on May 5, 1868, by General John Logan, national commander of the Grand Army of the Republic, in his General Order No. 11 and was first observed on May 30, 1868, when flowers were placed on the graves of Union and Confederate soldiers at Arlington National Cemetery; and

WHEREAS, Memorial Day was officially declared a national holiday in May of 1966 by President Lyndon B. Johnson as a national day of remembrance for those who have died in our nation's service; a day where every citizen of the United States can actively remember our ancestors, our family members, our loved ones, our neighbors, and our friends who have given the ultimate sacrifice; Memorial Day traditionally has been observed on May 30th of each year, but is currently observed on the last Monday in the month of May; and

WHEREAS, There are many ways in which citizens of the United States can honor all of the fallen soldiers that have given the ultimate sacrifice for the freedoms offered by this great nation, including visiting cemeteries and placing flags or flowers on the graves of our fallen heroes, visiting memorials, flying the United State's flag at half-staff until noon, flying the POW/MIA Flag at half-staff until noon, participating in the "National Moment of Remembrance" at 3 p.m. to pause and think upon the true meaning of the day, by renewing a pledge to aid the widows, widowers, and orphans of our fallen dead, and to aid the disabled veterans; and

WHEREAS, The State of Illinois strongly supports all of our men and women of the armed forces, both active and departed, and wants to further honor the sacrifice of all United States men and women who have faithfully served in our armed forces; and

WHEREAS, It is appropriate that the Illinois General Assembly establish a new Memorial Day tradition honoring our fallen brethren by reading an annual list of all of the names of those American soldiers that have given the ultimate sacrifice; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-FOURTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that beginning in 2006, the Illinois House of Representatives shall adopt the policy, whether by rule or other action, that provides that the House Clerk shall annually, either on Memorial Day or on a reasonable session day scheduled prior to Memorial Day, read the names of all of the soldiers, from each and every branch of the United States armed forces and military reserves, who have been killed in the line of duty during the prior year; and be it further

RESOLVED, That the list is to be obtained by the House Clerk no later than May 15 of every year, and the clerk may enlist the help of the United States Department of Defense or the Illinois Department of Military Affairs so that the most accurate account of fallen soldiers may be honored by the Illinois House of Representatives as well as all of the State of Illinois; and be it further

RESOLVED, That the House Clerk shall always preface the reading of the list of fallen United States soldiers with the following quote from former President Abraham Lincoln as stated in the Gettysburg Address "From these honored dead we take increased devotion to that cause for which they here gave the last full measure of devotion - that we here highly resolve that these dead shall not have died in vain."; and be it further

RESOLVED, That, if in any year, no soldier in the United States armed forces and military reserves has been killed in the line of duty, then the House Clerk shall then offer a moment of silence and reflection to be taken in order to remember those soldiers that have fallen in the past and is to offer a prayer that our soldiers continue to be protected from potential harm while serving our country; and be it further

RESOLVED, That a copy of this resolution shall be presented to Speaker of the House of Representatives of the State of Illinois, Michael J. Madigan; House of Representatives of the State of Illinois Minority Leader Tom Cross; United States Speaker of the House Dennis Hastert; United States Senator Dick Durbin; every member of the Ninety-Fourth General Assembly of the State of Illinois; and every member of the Illinois Congressional delegation.

WHEREAS, National Safe Boating Week traditionally marks the start of the campaign and "highlights

the need for boaters to take command of their safety by wearing a life jacket at all times while on the water"; and

WHEREAS, Drowning remains the number one cause of death among victims of fatal boating accidents; on average, 700 people die each year in boating-related accidents in the U.S. and nearly 70% of these are fatalities caused by drowning; and

WHEREAS, The vast majority of these accidents are caused by human error or poor judgment and not by the boat, equipment, or environmental factors; and

WHEREAS, A significant number of boaters who lose their lives by drowning each year would be alive today had they worn their life jackets; modern life jackets are more comfortable, more attractive, and more wearable than styles of years past and deserve a fresh look by today's boating public; and

WHEREAS, There are five tips for boating safely: wear your life jacket, stay sober, take a safe boating course, get your boat checked (the Coast Guard Auxiliary offers a free vessel safety check), and be aware of carbon monoxide, a poisonous gas that is odorless, colorless, and can be lethal; therefore, be it

"Aggregate extension" for all taxing districts to which this Law applies in accordance with paragraph (2) of subsection (e) of Section 18-213 means the annual corporate extension for the taxing district and those special purpose extensions that are made annually for the taxing district, excluding special purpose extensions: (a) made for the taxing district to pay interest or principal on general obligation bonds that were approved by referendum; (b) made for any taxing district to pay interest or principal on general obligation bonds issued before the effective date of this amendatory Act of 1997; (c) made for any taxing district to pay interest or principal on bonds issued to refund or continue to refund those bonds issued before the effective date of this amendatory Act of 1997; (d) made for any taxing district to pay interest or principal on bonds issued to refund or continue to refund bonds issued after the effective date of this amendatory Act of 1997 if the bonds were approved by referendum after the effective date of this amendatory Act of 1997; (e) made for any taxing district to pay interest or principal on revenue bonds issued before the effective date of this amendatory Act of 1997 for payment of which a property tax levy or the full faith and credit of the unit of local government is pledged; however, a tax for the payment of interest or principal on those bonds shall be made only after the governing body of the unit of local government finds that all other sources for payment are insufficient to make those payments; (f) made for payments under a building commission lease when the lease payments are for the retirement of bonds issued by the commission before the effective date of this amendatory Act of 1997 to pay for the building project; (g) made for payments due under installment contracts entered into before the effective date of this amendatory Act of 1997; (h) made for payments of principal and interest on limited bonds, as defined in Section 3 of the Local Government Debt Reform Act, in an amount not to exceed the debt service extension base less the amount in items (b), (c), and (e) of this definition for non-referendum obligations, except obligations initially issued pursuant to referendum; (i) made for payments of principal and interest on bonds issued under Section 15 of the Local Government Debt Reform Act; (j) made for a qualified airport authority to pay interest or principal on general obligation bonds issued for the purpose of paying obligations due under, or financing airport facilities required to be acquired, constructed, installed or equipped pursuant to, contracts entered into before March 1, 1996 (but not including any amendments to such a contract taking effect on or after that date); (k) made to fund expenses of providing joint recreational programs for the handicapped under Section 5-8 of the Park District Code or Section 11-95-14 of the Illinois Municipal Code; ~~and~~ (l) made for contributions to a firefighter's pension fund created under Article 4 of the Illinois Pension Code, to the extent of the amount certified under item (5) of Section 4-134 of the Illinois Pension Code ; and (m) made for contributions to the Illinois Municipal Retirement Fund, to the extent of the amount certified under subsection (f-1) of Section 7-171 of the Illinois Pension Code.

"Debt service extension base" means an amount equal to that portion of the extension for a taxing district for the 1994 levy year, or for those taxing districts subject to this Law in accordance with Section 18-213, except for those subject to paragraph (2) of subsection (e) of Section 18-213, for the levy year in which the referendum making this Law applicable to the taxing district is held, or for those taxing districts subject to this Law in accordance with paragraph (2) of subsection (e) of Section 18-213 for the 1996 levy year, constituting an extension for payment of principal and interest on bonds issued by the taxing district without referendum, but not including excluded non-referendum bonds. For park districts (i) that were first subject to this Law in 1991 or 1995 and (ii) whose extension for the 1994 levy year for the payment of principal and interest on bonds issued by the park district without referendum (but not including excluded non-referendum bonds) was less than 51% of the amount for the 1991 levy year constituting an extension for payment of principal and interest on bonds issued by the park district without referendum (but not including excluded non-referendum bonds), "debt service extension base" means an amount equal to that

portion of the extension for the 1991 levy year constituting an extension for payment of principal and interest on bonds issued by the park district without referendum (but not including excluded non-referendum bonds). The debt service extension base may be established or increased as provided under Section 18-212. "Excluded non-referendum bonds" means (i) bonds authorized by Public Act 88-503 and issued under Section 20a of the Chicago Park District Act for aquarium and museum projects; (ii) bonds issued under Section 15 of the Local Government Debt Reform Act; or (iii) refunding obligations issued to refund or to continue to refund obligations initially issued pursuant to referendum.

"Special purpose extensions" include, but are not limited to, extensions for levies made on an annual basis for unemployment and workers' compensation, self-insurance, contributions to pension plans, and extensions made pursuant to Section 6-601 of the Illinois Highway Code for a road district's permanent road fund whether levied annually or not. The extension for a special service area is not included in the aggregate extension.

"Aggregate extension base" means the taxing district's last preceding aggregate extension as adjusted under Sections 18-215 through 18-230.

"Levy year" has the same meaning as "year" under Section 1-155.

"New property" means (i) the assessed value, after final board of review or board of appeals action, of new improvements or additions to existing improvements on any parcel of real property that increase the assessed value of that real property during the levy year multiplied by the equalization factor issued by the Department under Section 17-30, (ii) the assessed value, after final board of review or board of appeals action, of real property not exempt from real estate taxation, which real property was exempt from real estate taxation for any portion of the immediately preceding levy year, multiplied by the equalization factor issued by the Department under Section 17-30, and (iii) in counties that classify in accordance with Section 4 of Article IX of the Illinois Constitution, an incentive property's additional assessed value resulting from a scheduled increase in the level of assessment as applied to the first year final board of review market value. In addition, the county clerk in a county containing a population of 3,000,000 or more shall include in the 1997 recovered tax increment value for any school district, any recovered tax increment value that was applicable to the 1995 tax year calculations.

"Qualified airport authority" means an airport authority organized under the Airport Authorities Act and located in a county bordering on the State of Wisconsin and having a population in excess of 200,000 and not greater than 500,000.

"Recovered tax increment value" means, except as otherwise provided in this paragraph, the amount of the current year's equalized assessed value, in the first year after a municipality terminates the designation of an area as a redevelopment project area previously established under the Tax Increment Allocation Development Act in the Illinois Municipal Code, previously established under the Industrial Jobs Recovery Law in the Illinois Municipal Code, or previously established under the Economic Development Area Tax Increment Allocation Act, of each taxable lot, block, tract, or parcel of real property in the redevelopment project area over and above the initial equalized assessed value of each property in the redevelopment project area. For the taxes which are extended for the 1997 levy year, the recovered tax increment value for a non-home rule taxing district that first became subject to this Law for the 1995 levy year because a majority of its 1994 equalized assessed value was in an affected county or counties shall be increased if a municipality terminated the designation of an area in 1993 as a redevelopment project area previously established under the Tax Increment Allocation Development Act in the Illinois Municipal Code, previously established under the Industrial Jobs Recovery Law in the Illinois Municipal Code, or previously established under the Economic Development Area Tax Increment Allocation Act, by an amount equal to the 1994 equalized assessed value of each taxable lot, block, tract, or parcel of real property in the redevelopment project area over and above the initial equalized assessed value of each property in the redevelopment project area. In the first year after a municipality removes a taxable lot, block, tract, or parcel of real property from a redevelopment project area established under the Tax Increment Allocation Development Act in the Illinois Municipal Code, the Industrial Jobs Recovery Law in the Illinois Municipal Code, or the Economic Development Area Tax Increment Allocation Act, "recovered tax increment value" means the amount of the current year's equalized assessed value of each taxable lot, block, tract, or parcel of real property removed from the redevelopment project area over and above the initial equalized assessed value of that real property before removal from the redevelopment project area.

Except as otherwise provided in this Section, "limiting rate" means a fraction the numerator of which is the last preceding aggregate extension base times an amount equal to one plus the extension limitation defined in this Section and the denominator of which is the current year's equalized assessed value of all real property in the territory under the jurisdiction of the taxing district during the prior levy year. For those

taxing districts that reduced their aggregate extension for the last preceding levy year, the highest aggregate extension in any of the last 3 preceding levy years shall be used for the purpose of computing the limiting rate. The denominator shall not include new property. The denominator shall not include the recovered tax increment value.

Sec. 7-171. Finance; taxes.

(a) Each municipality other than a school district shall appropriate an amount sufficient to provide for the current municipality contributions required by Section 7-172 of this Article, for the fiscal year for which the appropriation is made and all amounts due for municipal contributions for previous years. Those municipalities which have been assessed an annual amount to amortize its unfunded obligation, as provided in subparagraph 5 of paragraph (a) of Section 7-172 of this Article, shall include in the appropriation an amount sufficient to pay the amount assessed. The appropriation shall be based upon an estimate of assets available for municipality contributions and liabilities therefor for the fiscal year for which appropriations are to be made, including funds available from levies for this purpose in prior years.

(b) For the purpose of providing monies for municipality contributions, beginning for the year in which a municipality is included in this fund:

(1) A municipality other than a school district may levy a tax which shall not exceed the amount appropriated for municipality contributions.

(2) A school district may levy a tax in an amount reasonably calculated at the time of the levy to provide for the municipality contributions required under Section 7-172 of this Article for the fiscal years for which revenues from the levy will be received and all amounts due for municipal contributions for previous years. Any levy adopted before the effective date of this amendatory Act of 1995 by a school district shall be considered valid and authorized to the extent that the amount was reasonably calculated at the time of the levy to provide for the municipality contributions required under Section 7-172 for the fiscal years for which revenues from the levy will be received and all amounts due for municipal contributions for previous years. In no event shall a budget adopted by a school district limit a levy of that school district adopted under this Section.

(c) Any county which is served by a regional office of education that serves 2 or more counties may include in its appropriation an amount sufficient to provide its proportionate share of the municipality contributions for that regional office of education. The tax levy authorized by this Section may include an amount necessary to provide monies for this contribution.

(d) Any county that is a part of a multiple-county health department or consolidated health department which is formed under "An Act in relation to the establishment and maintenance of county and multiple-county public health departments", approved July 9, 1943, as amended, and which is a participating instrumentality may include in the county's appropriation an amount sufficient to provide its proportionate share of municipality contributions of the department. The tax levy authorized by this Section may include the amount necessary to provide monies for this contribution.

(d-5) A school district participating in a special education joint agreement created under Section 10-22.31 of the School Code that is a participating instrumentality may include in the school district's tax levy under this Section an amount sufficient to provide its proportionate share of the municipality contributions for current and prior service by employees of the participating instrumentality created under the joint agreement.

(e) Such tax shall be levied and collected in like manner, with the general taxes of the municipality and shall be in addition to all other taxes which the municipality is now or may hereafter be authorized to levy upon all taxable property therein, and shall be exclusive of and in addition to the amount of tax levied for general purposes under Section 8-3-1 of the "Illinois Municipal Code", approved May 29, 1961, as amended, or under any other law or laws which may limit the amount of tax which the municipality may levy for general purposes. The tax may be levied by the governing body of the municipality without being authorized as being additional to all other taxes by a vote of the people of the municipality.

(f) The county clerk of the county in which any such municipality is located, in reducing tax levies, shall not consider any such tax as a part of the general tax levy for municipality purposes, and shall not include the same in the limitation of any other tax rate which may be extended.

(f-1) Upon levying a tax under this Section, the governing body of a municipality that is subject to limits

under the Property Tax Extension Limitation Law shall promptly notify the Fund of the amount of the levy. The Fund shall promptly determine and certify to the appropriate county clerk the amount of that levy that results from the implementation of this amendatory Act of the 94th General Assembly.

(g) The amount of the tax to be levied in any year shall, within the limits herein prescribed, be determined by the governing body of the respective municipality.

(h) The revenue derived from any such tax levy shall be used only for the purposes specified in this Article and, as collected, shall be paid to the treasurer of the municipality levying the tax. Monies received by a county treasurer for use in making contributions to a regional office of education for its municipality contributions shall be held by him for that purpose and paid to the regional office of education in the same manner as other monies appropriated for the expense of the regional office.
